Personalized Jewelry to Tell Your Story

Our best sellers are our Custom Disc Necklaces - Tiny, Medium and Large followed by our bar necklaces and custom hoop ears. The Project Semi Colon necklaces are also top sellers. We have recently added our Hope Collection and #BLM collection.

If you see the word "custom" in the title or description it means you can choose the custom stamp you want on the disc or square. The custom options are listed below each custom piece. Stamp charts are included after the listings for your convenience. Custom stamps can also be seen when clicking through to our website if you look at this online.

Our pieces are made with 100% USA sourced gold filled, rose gold filled and sterling silver in order to make pieces that last for years to come. All necklaces come with a lobster clasp closure.

We give a percentage of our profits back to the Tourette Syndrome Association of America. Our second son was diagnosed with Tourette Syndrome at six years old. Now at 17 years old he serves as a Tourette Syndrome Ambassador to help increase understanding of a misunderstood condition and help children struggling with Tourette Syndrome.
